Forecast For East of England
Issued by Met Office Exeter
at 0400 on Friday 02 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Friday cold, mainly dry with bright spells. Brisk coastal winds.

Today:
A mainly dry day with bright or sunny spells. Cloud increasing at times through the day. It will feel quite cold and winds will be strongest near coasts. Chance of a light shower. Highest temperatures across far western areas. Maximum temperature 8 deg C (46 deg F).

Tonight:
A cold night with possible ground frost well inland, especially where skies become clearer, however probably remaining rather cloudy for most areas. Winds becoming lighter away from coasts. Minimum temperature 3 deg C (37 deg F).

Saturday:
Saturday will be another colder than average day. Mainly dry with variable cloud amounts and some bright spells. Winds mainly decreasing but brisker at first especially near coasts. Maximum temperature 9 deg C (48 deg F).

Outlook for Sunday to Tuesday:
Sunday notably milder with sunny spells. Winds freshening. Overnight rain and showers with strong winds. Monday and Tuesday much colder with wintry showers and coastal gales. Snow in places.
